Boulder Valley School District
Excellence and Equity

PRESENT

Dr. James T. Webb

11 Key Issues of Giftedness At Home and At School

Gifted kids are all different in their own unique ways. However, Dr. James Webb has identified **eleven key issues** that are common across the gifted population. In this presentation, you will learn how range of ability, asynchronous development, overexcitabilities and thinking styles can change the trajectory of your child's daily life at home and at school. Find out how parents and educators can identify challenge areas and become equipped to deal with them.

Stay for a book signing with Dr. Webb immediately following the lecture!

Sunday, September 25, 2016 at 6:30 PM

Location : Manhattan School of Arts and Academics, Boulder
