Creating 21st Century Innovators: New Paths to Success

21st century technologies have opened up new paths for success. Gifted students' curiosity and intense interests make them uniquely suited to blaze these new trails. At the same time, gifted characteristics such as perfectionism and impostor syndrome can potentially hold them back. We will discuss how parents and teachers can support students, empowering them to become tomorrow's innovators.

Spanish translation will be available at this event.

Wednesday, February 15, at 7 PM
Manhattan School of Arts and Academics
290 Manhattan Drive, Boulder
